

**Plain Language Summary for New Source Review (NSR) Renewal Certification
Application for Air New Source Review Permit Number 1952A**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Alamo Concrete Products Company (CN600240212) has submitted an application for renewal of permit number 1952A. The Floresville Plant (RN102192788) produces concrete at 503 E 10th St. Floresville, Wilson County.

This renewal will authorize the continued operation of Floresville Plant. Alamo Concrete Products Company has certified there will be no changes to the permit. The following permitted emission rates will remain the same.

Pollutant	Total Amount Allowed (tons per year)
PM – Particulate Matter	2.53
PM ₁₀ – Particulate Matter with diameters of 10 microns or less	1.5
PM _{2.5} – Particulate Matter with diameters of 2.5 microns or less	1.5

The facilities being renewed continue to be controlled by paved roads, watered stockpiles, and a baghouse for the silos and truck loadout.
