

**Plain Language Summary for New Source Review (NSR) Renewal Certification  
Application for Air New Source Review Permit Number 48869**

*The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.*

Tennessee Gas Pipeline Company, L.L.C. (CN 601223811) has submitted an application for renewal of permit number 48869. The TGP Compressor Station 1 Agua Dulce (RN100227156) produces/manufactures Natural Gas at 2960 County Road 93, Robstown, Nueces County.

This renewal will authorize the continued operation of reciprocating compressor engines. Tennessee Gas Pipeline Company, L.L.C. has certified there will be no changes to the permit. The following permitted emission rates will remain the same.

<b>Pollutant</b>	<b>Total Amount Allowed (tons per year)</b>
CO	149.36
NOx	500.2
PM	11.44
SO2	0.12
VOC	37.16

The facilities being renewed continue to be controlled by oxidation catalysts and a fuel injection system.
