

Plain Language Summary for New Source Review (NSR) Renewal
Application for Air New Source Review Permit Number 20457

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Applied Materials, Inc. (CN600274641) has submitted an application for renewal of permit number 20457. Building 31 (RN102188448) produces/manufactures semiconductor equipment at 9700 US Hwy 290 East, Austin, Travis County.

This renewal will authorize the continued operation of ozonator testing in Building 31. Applied Materials, Inc. has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Proposed Emissions (tons per year)
Ozone	0.09

The facilities being renewed continue to be maintained in good working order and operating properly during normal facility operations.
