

Plain Language Summary for New Source Review (NSR) Renewal Certification Application for Air New Source Review Permit Number 20628

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Alon USA, LP (CN600881783) has submitted an application for renewal of permit number 20628. The Big Spring Refinery (RN100250869) produces/manufactures petroleum products from crude oil refining at 200 Refinery Road, Big Spring, Howard County.

This renewal will authorize the continued operation of the Petroleum Fuels Loading Rack (Truck Loading Rack). The Truck Loading Rack provides facilities to transfer petroleum products to commercial truck/trailer combinations for transfer and delivery of product to commercial and retail outlets. Alon USA, LP has certified there will be no changes to the permit. The following permitted emission rates will remain the same.

| Pollutant | Total Amount Allowed (Tons Per Year) |
|------------------|---|
| VOC | 41.0 |
| CO | 17.26 |
| NO _x | 2.01 |
| SO ₂ | 0.01 |

The facilities being renewed continue to be controlled by implementation of a Leak Detection and Repair (LDAR) program and use of vapor combustion device (loading rack combustor).
