

**Plain Language Summary for New Source Review (NSR) Renewal Certification for Air
New Source Review Permit Number 20930**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Aghorn Operating, Inc. (CN601691165) has submitted an application for renewal of permit number 20930. The JE Bagley Tank Battery (RN102604048) produces crude oil at Odessa, Ector County.

This renewal will authorize continued use of a treater, two heaters, and an emergency flare for crude oil production. Aghorn Operating, Inc. has certified there will be no changes to the permit. The following permitted emission rates will remain the same.

Pollutant	Total Amount Allowed (tons per year)
VOC	10.59
NOx	0.07
CO	0.12
SO2	9.19
H2S	0.10

The facilities being renewed continue to have an emergency flare.
