

Plain Language Summary for New Source Review (NSR) Renewal Application for Air New Source Review Permit Number 21506

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

The Boeing Company (CN600128367) has submitted an application for renewal of permit number 21506. The Boeing San Antonio (RN100215854) produces/manufactures the maintenance, repair, and overhaul of both military and commercial aircraft at 375 Airlift Dr., San Antonio, TX, Bexar County.

This renewal will authorize the continued operation of these buildings associated with the maintenance and repair work for aircraft. The Boeing Company has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Proposed Emissions (tons per year)
VOC	157.24
PM	14.41
HAP	1.30

The facilities being renewed continue to be controlled by dust collectors, dry filters, bag-houses, and other engineered exhaust systems.
