

**Plain Language Summary for New Source Review (NSR) Renewal Certification  
Application for New Source Review Permit Number 22191**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Martin Marietta Southwest, LLC (CN605057868) has submitted an application for renewal of permit number 22191. The 211 Crushing Plant (RN102156270) produces/manufactures crushed and broken limestone at 11399 State Highway 211, San Antonio, Bexar County, TX.

This renewal will authorize the continued operation of the rock crushing plant. Martin Marietta Materials Southwest, LLC. has certified there will be no changes to the permit. The following permitted emission rates will remain the same.

<b>Pollutant</b>	<b>Total Amount Allowed (tons per year)</b>
PM	17.35
PM10	6.75
PM2.5	0.99

The facilities being renewed continue to be controlled by water sprays at material transfer points as necessary and the application of water to plant roads, traffic areas, and stockpiles.
