

**Plain Language Summary for New Source Review (NSR) Renewal
Application for Air New Source Review Permit Number 24575**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Epiroc Drilling Solutions LLC (CN603966870) has submitted an application for renewal of permit number 24575. The Garland Production Facility (RN100215581) manufactures a wide range of rotary drilling equipment and consumables which is located at 2100 N. First Street, Garland, Dallas County, Texas.

This renewal will authorize the continued operation of the Garland Production Facility. Epiroc has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Proposed Emissions (tons per year)
VOC	12.59
PM	0.17
PM10	0.16
PM2.5	0.16
NOx	0.73
CO	1.24
SO ₂	0.01
Pb	0.00

The facility being renewed continues to be controlled by filtration systems and best management practices.
