

**Plain Language Summary for New Source Review (NSR) Renewal Certification Application for
Air New Source Review Permit Number 25447**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Alamo Plating & Metal Finishing, LTD. (CN602772790) has submitted an application for renewal of permit number 25447. Alamo Plating (RN100593508) engages in various types of metal finishing operations, including chrome electroplating, at 9230 Converse Business Lane, Converse, Bexar County.

This renewal will authorize the continued operation of metal finishing operations including chrome electroplating. Alamo Plating & Metal Finishing, LTD., has certified there will be no changes to the permit. The following permitted emission rates will remain the same.

Pollutant	Total Amount Allowed (tons per year)
Cr	4.6E-6
NaHSO ₄	0.022
NaF	<0.001
HAPs	<0.001

The facilities being renewed continue to be controlled by use of wetting agent on the surface of the chrome tank.
