

**Plain Language Summary for New Source Review (NSR) Renewal  
Application for Air New Source Review Permit Number 26866**

*The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.*

Ticona Polymers, Inc. (CN600124184) has submitted an application for renewal of permit number 26866. The Bishop Facility (RN101625721) manufactures petrochemicals such as plastic resins and industrial organic chemicals at 5738 County Road 4, Bishop, TX, 78343.

This renewal will authorize the continued operation of Weak Formaldehyde Unit (WFRU). Ticona Polymers, Inc. has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

<b>Pollutant</b>	<b>Proposed Emissions (tons per year)</b>
VOC	3.92

The facilities being renewed continue to be controlled by scrubber technology.
