

**Plain Language Summary for New Source Review (NSR) Renewal Certification
Application for Air New Source Review Permit Number 28970**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Crest Metal Doors, Inc. (CN 600529523) has submitted an application for renewal of permit number 28970. The Crest EPS Facility (RN 100851997) manufactures foam core metal doors at 157 Humble Avenue, San Antonio, Bexar County.

This renewal will authorize the continued operation of the expanded polystyrene block molding facility. Crest Metal Doors, Inc. has certified there will be no changes to the permit. The following permitted emission rates will remain the same.

Pollutant	Total Amount Allowed (tons per year)
Pentane	52.90
VOC	22.90
PM	0.41

The facilities being renewed continue to be controlled by operating molding equipment inside a building.
