

**Plain Language Summary for Renewal of Concrete Batch Plant Standard Permit  
Application for Concrete Batch Plant Standard Permit Registration Number 97092**

*The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.*

Capital Precast LLC (CN603045923) has submitted an application to renew a specialty concrete batch plant under the Air Quality Standard Permit for Concrete Batch Plants for registration number 97092. The concrete batch plant (RN106179997) is located at 6905 South Old Bastrop Highway, San Marcos, Hays County.

This registration will authorize the concrete batch plant to have a maximum production rate of 25 cubic yards per hour of concrete and operate up to 3060 hours per year. Particulate matter will be emitted from the handling of aggregate, cement, and flyash. Water sprays will be used for dust control. Enclosures and baghouses will be used to control cement and flyash dust.
