

**Plain Language Summary for New Source Review (NSR) Renewal
Application for Air New Source Review Permit Number 48758**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Eastman Chemical Company (CN601214406) has submitted an application for renewal of permit number 48758. The Materials Handling Facility (RN100219815) handles the storage and movement of materials at 300 Kodak Blvd, Longview, Harrison County.

This renewal will authorize the continued operation of all facilities and activities conducted by the Materials Handling area. Eastman has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Proposed Emissions (tons per year)
Organic Compounds (VOC)	11.15
Nitrogen Oxides (NOx)	1.33
Carbon Monoxide (CO)	11.19
Sulfur Dioxide (SO2)	0.11

The facilities being renewed continue to be controlled by leak detection and repair (LDAR) programs and a Flare.
