

**Plain Language Summary for New Source Review (NSR) Initial
Application for Air New Source Review Permit Number 51575L011**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

TXI Operations, LP (CN600125157) has submitted an application for initial permit number 51575L010. The TXI Portable 129 (RN102765518) will produce/manufacture concrete at the following directions: Heading south on 16th St from I-10 for 1.91 miles, turn right on MacArthur Dr for 1.87 miles. Turn a left after the bridge and proceed to Foreman Dr. Head 0.12 miles south and the property will be located on the left, Orange, Orange County, Texas.

This permit will authorize the operation of a portable concrete batch plant to supply concrete for a single project with CP chem. The site consist of aggregate, cement, water and aqueous additives that are metered and dropped into a central mixer and then dispensed into concrete trucks. *TXI Operations, LP* has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Proposed Emissions (tons per year)
PM 2.5	0.063 tpy
PM10	0.438 tpy
PM	1.209 tpy

The new facilities will be controlled by **central dust collector**.
