

Plain Language Summary for New Source Review (NSR) Renewal Certification Application for Air New Source Review Permit Number 55924

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Alamo Concrete Products Company (CN 600240212) has submitted an application for renewal of permit number 55924. Evans Quarry (RN 102167483) produces crushed rock and is located at 6889 E. Evans, San Antonio, Bexar County.

This renewal will authorize the continued operation of a rock crushing plant. Alamo Concrete Products Company has certified that there will be no changes to the permit. The following permitted emission rates will remain the same.

Pollutant	Proposed Emissions (tons per year)
PM	5.54
PM ₁₀	1.97
PM _{2.5}	0.31

The facilities being renewed continue to be controlled by water sprays and partial enclosures. Roads, traffic areas, and stockpiles will be watered to control dust.
