

**Plain Language Summary for New Source Review (NSR) Renewal Amendment Application for
Air New Source Review Permit Number 56151**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

CITGO Petroleum Corporation (CN600135461) has submitted an application for renewal of and amendment to permit number 56151. The San Antonio Terminal (RN101073013) stores and loads petroleum liquids at 4851 Emil Street, San Antonio, Bexar County.

This renewal will authorize the continued operation of the San Antonio Terminal. The amendment will authorize updates to the storage tank parameters and calculations. CITGO Petroleum Corporation has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the current amount allowed, the amount to be added or removed, and the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Permitted Emissions (tons per year)	Emissions Added/Deleted (tons per year)	Total Proposed Emissions (tons per year)
VOC	69.45	-24.97	44.48

The facilities being renewed are controlled by a vapor recovery unit. The new and/or modified facilities will be controlled by a vapor recovery unit.
