

**Plain Language Summary for New Source Review (NSR) Renewal Certification  
Application for Air New Source Review Permit Number 56364**

*The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.*

ExxonMobil Pipeline Company LLC (CN600125710) has submitted an application for renewal of permit number 56364. The Mont Belvieu Station LPG Salt Dome Storage Cavern (RN100223775) stores Liquefied Petroleum Gas in underground salt formations at 15 West Winfree Avenue, Mont Belvieu, Chambers County.

This renewal will authorize the continued operation of the piping components and storage tanks at the facility. ExxonMobil Pipeline Company LLC has certified there will be no changes to the permit. The following permitted emission rates will remain the same.

<b>Pollutant</b>	<b>Total Amount Allowed (tons per year)</b>
VOC	118.60

The facilities being renewed continue to be controlled using submerged filling for storage tanks and the Leak Detection and Repair program for piping components.
