

Plain Language Summary for New Source Review (NSR) Renewal Application for Air New Source Review Permit Number 5689A

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Phillips 66 Company (CN604065912) has submitted an application for renewal of permit number 5689A. The Sweeny Refinery (RN101619179) produces/manufactures refined petroleum products at 8189 Old FM 524, Old Ocean, Brazoria County.

This renewal will authorize the continued operation of Unit 9, which includes petroleum storage tanks and fugitive piping components. Phillips 66 Company has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Proposed Emissions (tons per year)
VOC	95.47

The facilities being renewed continue to be controlled by proper equipment design and routine monitoring.
