

**Plain Language Summary for New Source Review (NSR) Renewal Certification
Application for Air New Source Review Permit Number 597**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

ASARCO, LLC (CN602815524) has submitted an application for renewal of permit number 597. The Amarillo Copper Refinery (RN101701654) produces refined copper at 7001 North Highway 136, Amarillo, Potter County, Texas.

This renewal will authorize the continued operation of the Anode Scrap Furnace which melts down primarily anode scrap copper. ASARCO, LLC has certified there will be no changes to the permit. The following permitted emission rates will remain the same.

Pollutant	Total Amount Allowed (tons per year)
PM	81.0
PM10	81.0
Pb	1.28
Sb	0.08
Cu	49.11
Se	0.52
CO	847.20
SO2	28.3
NOx	25.8
VOC	21.20
HAPs	1.88
Sitewide single HAP	<10
Sitewide total HAPs	<25

The facilities being renewed continue to be operated using best practices and to be fueled by pipeline quality sweet natural gas.
