

**Plain Language Summary for New Source Review (NSR) Renewal  
Application for Air New Source Review Permit Number 72712**

*The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.*

Plains Pipeline, L.P. (CN 601440852) has submitted an application for renewal of permit number 72712. The Midland Mesa Station (RN 100214824) is a crude oil storage facility at 1301 S. County Road 1150, Midland, Midland County.

This renewal will authorize the continued operation of crude oil storage tanks and associated piping components. Plains Pipeline, L.P. has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

<b>Pollutant</b>	<b>Proposed Emissions (tons per year)</b>
Volatile Organic Compounds	31.67
Hazardous Air Pollutants (HAPS)	<10 TPY single HAP and <25 TPY combined HAPS

The facilities being renewed continue to be controlled by external floating roofs (storage tanks).
