

**Plain Language Summary for New Source Review (NSR) Renewal Certification
Application for Air New Source Review Permit Number 72905**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

ExxonMobil Pipeline Company LLC (CN600125710) has submitted an application for renewal of permit number 72905. The Mont Belvieu Station LPG Salt Dome Storage Cavern (RN100223775) stores Liquefied Petroleum Gas in underground salt formations at 15 West Winfree Road, Mont Belvieu, Chambers County.

This renewal will authorize the continued operation of the flare at the facility. ExxonMobil Pipeline Company LLC has certified there will be no changes to the permit. The following permitted emission rates will remain the same.

Pollutant	Total Amount Allowed (tons per year)
VOC	4.98
NO _x	2.22
SO ₂	0.10
CO	4.42

The facilities being renewed continue to be controlled by requiring the flare to meet the standards outlined in federal regulations with monitoring.
