

**Plain Language Summary for New Source Review (NSR) Renewal Certification  
Application for Air New Source Review Permit Number 73676**

*The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.*

El Paso Natural Gas Company, L.L.C., (CN600311682) has submitted an application for renewal of permit number 73676. The Plains Compressor Station (RN100211747) compresses natural gas to maintain flow in the pipeline network at 4 miles East of Denver City, on the East side of CR-355 between CR-390 and CR-370, Denver City, Yoakum County.

This renewal will authorize the continued operation of equipment associated with the natural gas compressor station, including compressor engines. There are no new or modified facilities associated with permit renewal. El Paso Natural Gas Company LLC has certified there will be no changes to the permit. The following permitted emission rates will remain the same.

<b>Pollutants</b>	<b>Total Amount Allowed (Tons Per Year)</b>
VOC	115.28
CO	533.00
NO <sub>x</sub>	4215.64
PM	46.44
PM <sub>10</sub>	46.44
PM <sub>2.5</sub>	46.44
SO <sub>2</sub>	0.58

The facilities being renewed continue to be controlled by in-built emission control technologies.
