

Plain Language Summary for New Source Review (NSR) Renewal Certification Application for Air New Source Review Permit Number 74283

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

US Plating LP (CN601657141) has submitted an application for renewal of permit number 74283, originally issued in 2004. US Plating LP (RN104488507) is a service provider of nickel-chrome protective coatings at 2215 Century Circle, Irving, Dallas County.

This renewal will authorize the continued operation of the nickel-chrome coating operation. US Plating LP has certified there will be no changes to the permit. The following permitted emission rates will remain the same.

Pollutant	Total Amount Allowed (tons per year)
PM	0.00026
PM10	0.00026
PM 2.5	0.00026
Cr	0.00012

The facilities being renewed continue to be controlled by controlling surface tension on the coating chemistry.
