

Plain Language Summary for New Source Review (NSR) Renewal Certification Application for Air New Source Review Permit Number 74338

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Texas Aggrergates, LLC (CN605380070) has submitted an application for renewal of permit number 74338. The Bastrop Plant (RN104370127) produces wet construction sand and gravel at 420 Old Perkins Road, Bastrop County.

This renewal will authorize the continued operation of the sand and gravel plant. Texas Aggregates has certified there will be no changes to the permit. The following permitted emission rates will remain the same.

Pollutant	Total Amount Allowed (tons per year)
Particulate Matter (PM)	5.07
PM10	3.17
PM2.5	2.0
VOC	0.07
NOx	3.63
CO	6.12
SO2	0.01

The facilities being renewed continue to be controlled by mining below water level, keeping the material moist and adding water sprays as needed.
