

**Plain Language Summary for New Source Review (NSR) Renewal
Application for Air New Source Review Permit Number 7501**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Texas Lime Company (CN600125090) has submitted an application for renewal of permit number 7501. The Lime Plant (RN100210889) manufactures quicklime, hydrated lime, and ground calcium carbonate at 15865 FM 1434, Cleburne, Johnson County.

This renewal will authorize the continued operation of lime hydration and handling facilities. Texas Lime Company has listed in the application the pollutants and amounts that will be emitted for each facility. Below is the total amount for each pollutant that is proposed to be emitted each year for all the facilities.

Pollutant	Proposed Emissions (tons per year)
PM	20.48
PM10	20.48
PM2.5	20.48

The facilities being renewed continue to be controlled by fabric filters and scrubber.
