

**Plain Language Summary for New Source Review (NSR) Renewal & Amendment
Application for Air New Source Review Permit Number 75735**

The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.

Morton Salt, Inc. (CN603741810) has submitted an application for renewal of permit number 75735. The Salt Production Facility (RN102291226) produces/manufactures Industrial Salt at 801 Texas 110, Grand Saline, Van Zandt County.

This renewal amendment will authorize the continued operation of salt pellet cooler scrubber and increase the production from 13 tons per hour to 25 tons per hour. Morton Salt, Inc. has certified this will be the only changes to the permit. The emissions will be controlled by a wet scrubber. The following are the proposed emission rates.

Pollutant	Total Amount Allowed (tons per year)
PM/PM10	7,65
PM 2.5	1.92

The facilities being renewed continue to be controlled by a wet scrubber.
