

**Plain Language Summary for Concrete Batch Plant Standard Permit  
Application for Concrete Batch Plant Standard Permit Registration Number 77585L024**

*The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 3. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.*

Hereford Concrete Inc. (CN603263328) has applied to register a temporary concrete batch plant under the Air Quality Standard Permit for Concrete Batch Plants for registration number 77585L024. The concrete batch plant (RN104804240) will be located at 7231 FM 2698 Tulia, TX 79088, Swisher County.

This registration will authorize the concrete batch plant to have a maximum production rate of 100 cubic yards per hour of concrete and operate up to 2400 hours per year. Particulate matter will be emitted from the handling of aggregate, cement, and fly ash. Roads and traffic areas will be controlled by watering to control dust. Dust from stockpiles will be minimized by watering and covering. Enclosures and baghouses will be used to control cement and fly ash dust.
