

## Plain Language Summary for New Source Review (NSR) Renewal Certification Application for Air New Source Review Permit Number 78321

*The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.*

Luminant Mining Company LLC (CN603263773) has submitted an application for renewal of permit number 78321. The Lignite Processing and Train Loading Station (RN104916804) processes lignite off of State Highway 7, Kosse, Limestone County.

This renewal will authorize the continued operation of lignite processing and train loading activities. Luminant Mining Company LLC has certified there will be no changes to the permit. The following permitted emission rates will remain the same.

<b>Pollutant</b>	<b>Total Amount Allowed (tons per year)</b>
Particulate matter (PM)	5.81
PM including PM with diameters of 10 microns or less (PM <sub>10</sub> )	1.1
PM including PM with diameters of 2.5 microns or less (PM <sub>2.5</sub> )	1.1

Lignite handling emissions continue to be controlled by water and surfactant sprays, enclosures, and telescopic chute. Emissions during maintenance, startup, and shutdown continue to be limited in duration and subject to work practice standards in the permit.
