

**Plain Language Summary for New Source Review (NSR) Renewal Certification**  
**Application for Air New Source Review Permit Number 78922**

*The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.*

*U. S. Steel Tubular Products* (CN603278151) has submitted an application for renewal of permit number 78922. The Steel Tubular Products Processing Center (RN102934627) produces/manufactures steel pipe and tubes at the intersection of FM 161 and CR 2975, Lone Star, Cass County.

This renewal will authorize the continued operation of *the large diameter pipe coater*. U. S. Steel Tubular Products has certified there will be no changes to the permit. The following permitted emission rates will remain the same.

Pollutant	Total Amount Allowed (tons per year)
VOC	73.01
PM	0.05
Single HAP	<10.00
All HAPs	< 25.00

The facilities being renewed continue to be controlled by filters to reduce PM emissions.
