

**Plain Language Summary for New Source Review (NSR) Renewal Certification  
Application for Air New Source Review Permit Number 9941**

*The following summary is provided for this pending air permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.*

WTG Jameson LP, (CN602679813), has submitted an application for renewal of permit number 9941. The Jameson Gas Plant (RN101246478) is a Natural Gas Processing Facility at 1000 Gas Plant Road, Silver 76945, Coke County.

This renewal will authorize the continued operation of the WTG Jameson LP, Silver, Texas. The WTG Jameson LP has certified that there will be no changes to the permit. Under 30 TAC Chapter 116, subchapter B, the NSR Permitted 9941 Emissions Rates reflected in the table below will remain the same.

The process heaters will be managed with good combustion control; the compressor will meet emission limitations required by BACT; the Acid Gas Flare will be operated consistent with NSPS 60.18; and, the process fugitives will continue to monitor fugitives consistent with 28M.

<b>Pollutant</b>	<b>Total Amount Allowed (tons per year)</b>
