

TCEQ Mechanical Sources

Historical Best Available Control Technology (BACT) Requirements

Oriented Strandboard Mills

Year	Source Type	Pollutant	Minimum Acceptable Control	Control Efficiency or Details
2008	Oriented Strand Board Mills	Particulate Matter (PM)	No controls	Debarker
			50-70% reduction	Waferizer Dryer -- Typically multiclones
			No controls	Press
			0.01 gr/dscf	Trim Process -- Typically fabric filter
		VOC	Reduced temperatures	Dryer
			No controls	Press
