

Biography: Adena Whitton
Air Permits Division
Texas Commission on Environmental Quality

Current Position

Adena is the manager for the Business Support Section.

Prior Experience and Education

Adena attended Southwest Texas State University and began her career with the agency in 2009, in the Air Permits Division. She became the Manager for the Business Support Section in March 2023, where she oversees project management for the initial evaluations of air permit and registration applications and administrative support functions for the division. Prior to this role, Adena was the Office Manager in the Office of Compliance and Enforcement.
