

Biography: Carolyn McGinley
Air Grants Division
Texas Commission on Environmental Quality

Current Position

Carolyn is the Team Leader of the Grant Development and Award Team in the Federal Grant Section of the Air Grants Division. She is responsible for overseeing the Grant Development and Award Team in the management and administration of the Texas Voluntary Marginal Conventional Well Plugging Program.

Prior Experience and Education

Carolyn began her career with the Texas Commission on Environmental Quality in March 2023 working as a Grant Specialist in the Program Design and Coordination Section and later in the Coordination A Section. In August 2024, Carolyn joined the Federal Grant Section as Team Leader of the Grant Development and Award Team.
