

**Biography: Crystal DelaCruz**  
Air Grants Division  
Texas Commission on Environmental Quality

***Current Position***

Crystal is the manager of the Federal Grant Section of the Air Grants Division. She is responsible for the management and administration of the Texas Voluntary Marginal Conventional Well Plugging Program.

***Prior Experience***

Crystal began her career with the Texas Commission on Environmental Quality in June 2013 working for the Office of the Chief Clerk. In July 2015, she joined the Air Permits Division in the Operational Support Section as a License and Permit Specialist. In April 2019, Crystal transitioned to the Rule Registrations Section within the Air Permits Division as a Permit Reviewer and in April 2023, she was promoted to Team Leader for Team 2. In August 2024, Crystal joined the Air Grants Division as the Section Manager of the Federal Grant Section.
