

Biography: Daniel Menendez
Air Permits Division
Texas Commission on Environmental Quality

Current Position

Daniel is the manager of the Permit Support Section, which is comprised of the Air Dispersion Modeling Team and the Emissions Banking and Trading Team.

Prior Experience and Education

Daniel received a Bachelor of Science degree in Meteorology from Texas A&M University in 2001. He worked as an aviation weather forecaster prior to joining the Texas Commission on Environmental Quality (TCEQ) in 2007 as part of the Air Dispersion Modeling Team. Daniel served as the team leader of the Air Dispersion Modeling Team from April 2009 until September 2015 before becoming the manager of the Permit Support Section.
