Subject: PureWater Product Line Approvals

Dear Mr. Cruse:

We have completed our review of the PureWater aerobic treatment system products listed in the table below. The listed products are approved for use in Texas. This approval is based on:

- The Gulf Coast Testing, LLC issuance of the GCT Mark, certifying that the eight listed products and their performance conform with NSF Standard 40 (2019) for Class 1 effluent.
- TCEQ approval of the training, operation, maintenance, and installation documents for the products.

After reviewing the training, operation, maintenance, and installation documents as well as the certification documents from Gulf Coast Testing, TCEQ approves the PolyPure products listed below:

Model Name	Rated Capacity (gallons/day)	Combined Unit (including or separate trash and pump chambers)
P-600	600	Separate
P-600ONE	600	Including
P-720ONE	720	Including
P-850	850	Separate
P-960	960	Separate
P-1100	1100	Separate
P-1200	1200	Separate
P-1500	1500	Separate

Mr. Cruse

This letter serves as proof of approval for the above-listed products until they are listed on the TCEQ website. If you have any questions or require clarification or additional information, please contact Donna Cosper, P.E. by email at [donna.cosper@tceq.texas.gov](mailto:donna.cosper@tceq.texas.gov).

Sincerely,

A handwritten signature in blue ink, appearing to read "M. Gates".

Marilyn Gates, Section Manager
