**Party State Compact Waste Disposal Contract
Waste Control Specialists LLC Certification of Compliance
with Statutes and Regulations relating to Contracts**

I, _____, certify that I am authorized to make this certification on behalf of Waste Control Specialists LLC (hereinafter, WCS), the compact waste disposal facility license holder as that term is used in Chapter 401 of the Texas Health and Safety Code. WCS is a party to the contract (hereinafter, Contract) identified with the LLRWD number shown in the header above, between _____ (hereinafter, Customer) and WCS. By my signature below, I certify that I have made diligent inquiry into the facts and circumstances surrounding the Contract and any amendment thereto (if the Contract is amended, the term Contract in these certifications refers to the Contract as amended), and I have determined that all statements made in this certification are correct.

1. The Contract relates to the disposal of party-generated compact waste as defined in Health & Safety Code § 401.2005(1-a)(A) , which may include compact waste that has been batch processed or incidentally commingled with other waste at commercial processing facilities, to the extent allowed under applicable law.
2. Customer is either a generator of compact waste or a service provider to generators of compact waste.
3. The Contract and the Contract rates comply with all applicable laws and regulations.
4. The Contract rates are sufficient to provide for the recovery of all costs associated with the provision of the service.
5. The Contract and Contract rates will not result in unreasonable discrimination between generators receiving like and contemporaneous service under substantially similar circumstances – that is, any different treatment provided to a generator or processing facility under the Contract is reasonably related to differences in the timing, volume, or nature of the services being provided.
