

Biography: Alan Barraza.
Water Quality Division
Texas Commission on Environmental Quality

Current Position

Natural Resources Specialist IV (Agronomist)

Prior Experience and Education

Mr. Barraza has worked on the Water Quality Assessment team since 2015. He conducts technical reviews of agronomic information for municipal and industrial Texas land application permits, sludge authorizations, and Concentrated Animal Feeding Operation (CAFO) permits. He proposes agronomic recommendations to be included as special provisions to the permits for the protection of groundwater in accordance with state rules, policies, and procedures. Mr. Barraza received his B.S. in Environmental Science (Geoscience) from the University of Texas at El Paso in 2012 and his M.S. in Energy and Earth Resources from The University of Texas at Austin in 2015.
