

Biography: Robert Sadlier
Water Quality Division
Texas Commission on Environmental Quality

Current Position

Robert Sadlier is the Deputy Director of the Water Quality Division in TCEQ's Office of Water.

Prior Experience and Education

Robert began his career with the agency in 2011 in TCEQ's Office of Compliance and Enforcement, Austin Region Office conducting application reviews and compliance investigations in the Edwards Aquifer Protection Program. Since that time, he has served in several roles including Air Environmental Investigator, Emergency Response Coordinator, and Water Section Team Leader for the Austin Region Office. Before joining the Water Quality Division, he served as Section Manager of the Edwards Aquifer Protection Program. Robert received a Bachelor of Science in Resource and Environmental Studies from Texas State University.
