Description of Update (for Class 3 Modifications and Amendments only)

List and explain any changes this modification or amendment would make to the two sections above—**Waste Management Information** and **Pollution Control Methods**.

Closure of Treatment Corrective Action Management Unit (CAMU) and Staging Pile cells for construction of Gas Processing Facility, eliminate the ZOI and UZM sampling requirements in closed cells because they will no longer be applicable after closure, update storm water run-off management for closed cells.
