## Notice of Receipt of Application and Intent to Obtain a Hazardous Industrial Waste Permit Renewal

Permit No. 50349

**Application.** Lower Neches Valley Authority, an industrial wastewater treatment plant, has applied to the Texas Commission on Environmental Quality (TCEQ) for a permit renewal with minor amendment to authorize continued post-closure care of a single, closed surface impoundment, removal of the personnel training requirements for handling of hazardous waste, update survey information and remove gauging requirements for groundwater monitoring wells. The facility is located at 2655 Gulf States Road, Beaumont, 77701, in Jefferson County, Texas. TCEQ received this application on November 12, 2024. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice: <https://arcg.is/184uSn>. For the exact location, refer to the application. The permit application is available for viewing and copying at the Beaumont Public Library, 801 Pearl Street, Beaumont, Texas 77701 in Jefferson County. The application, including updates, is available electronically at the following webpage: [www.tceq.texas.gov/goto/wasteapps](http://www.tceq.texas.gov/goto/wasteapps).

The TCEQ Executive Director has reviewed this action for consistency with the goals and policies of the Texas Coastal Management Program (CMP) in accordance with the regulations of the Coastal Coordination Council and has determined that the action is consistent with the applicable CMP goals and policies.

**Alternative Language Notice / Aviso en idioma alternativo.** Alternative language notice in Spanish is available at [www.tceq.texas.gov/goto/wasteapps](http://www.tceq.texas.gov/goto/wasteapps). El aviso en idioma alternativo en Español está disponible en [www.tceq.texas.gov/goto/wasteapps](http://www.tceq.texas.gov/goto/wasteapps).

**Additional Notice.** The TCEQ Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.**

**Public Comment / Public Meeting.** You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

**Opportunity for a Contested Case Hearing.** After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material or significant public comments. **Unless the application is directly referred for a contested case hearing, the response to comments and the Executive Director's decision on the application will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments**

are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

**To Request a Contested Case Hearing, You Must Include the Following Items in Your Request:** Your name, address, phone number; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you raised during the comment period; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn.

If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission's decision on the application submitted during the comment period. TCEQ may act on this application without providing an opportunity for a contested case hearing if certain criteria are met.

**Mailing List.** If you submit public comments, a request for a contested case hearing, or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. To be placed on the permanent and/or the county mailing list, clearly specify which list(s), and send your request to TCEQ Office of the Chief Clerk at the address below.

**Information Available Online.** For details about the status of the application, visit the Commissioners' Integrated Database (CID) at [www.tceq.texas.gov/goto/cid](http://www.tceq.texas.gov/goto/cid). Once you have access to the CID using the above link, enter the permit number for this application, which is provided at the top of this notice.

**Agency Contacts and Information.** All public comments and requests must be submitted either electronically at [www14.tceq.texas.gov/epic/eComment/](http://www14.tceq.texas.gov/epic/eComment/) or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address, and physical address, will become part of the agency's public record. For more information about this permit application or the permitting process, please call the TCEQ's Public Education Program, toll free, at 1-800-687-4040, or visit their website at [www.tceq.texas.gov/goto/pep](http://www.tceq.texas.gov/goto/pep).
