LEVELS OF AUTHORITY POLICY

Note: This Policy is the property of Republic Services, Inc. and/or its subsidiaries (collectively referred to herein as "Republic" or the "Company") and is to be used in connection with the conduct of Republic's business. This Policy is not intended to and does not constitute or create contractual terms of employment. Refer to the [Policies and Procedures Manual](#) ("PPM") section of [Inside Republic Services](#) for the most current versions of Republic's Policies.

POLICY NUMBER: LOA-101

CATEGORY: Levels of Authority

ORIGINAL EFFECTIVE DATE: 12/05/2008

LATEST REVISION DATE: 9/23/2024

POLICY CONTACT(S) AND QUESTIONS: Director, Ethics & Compliance

Questions also may be directed to [REDACTED]

POLICY HIGHLIGHTS:

- Provides required scope and levels of management needed to review and approve significant business transactions and other commitments prior to their consummation.
- Provides guidance as to those positions/titles authorized to sign appropriate documentation to effectuate business transactions and other commitments – subject to all required approvals within the Levels of Authority.

PURPOSE

This Policy defines the scope and levels of management required to review and approve business transactions and other commitments ("Levels of Authority") as delegated by Republic Services, Inc. ("Parent Company"), for itself and its subsidiaries ("Subsidiaries") (collectively, the Parent Company and Subsidiaries are referred to herein as "Republic" or the "Company"). This Policy further provides guidance as to those positions/titles that are authorized to sign the appropriate documentation to effectuate business transactions and other commitments on behalf of the Company, subject to all required approvals within the Levels of Authority being granted.

SCOPE

This Policy applies to all employees and third parties acting as representatives of the Company. Managers are expected to review this Policy with their employees and any representatives as it applies to positions and responsibilities to ensure an understanding of the requirements and that all approvals and signatures are properly obtained.

REQUIREMENTS AND RESPONSIBILITIES

Approval Authority

The Levels of Authority set forth all required levels of management that need to review and approve significant business transactions and other commitments prior to their consummation ("Approval Authority"). Unless indicated in the Levels of Authority, the designated Approval Authority may not be further delegated. All approvals must be documented in writing (includes emails and electronic signatures as acceptable formats) and retained for auditing purposes.

It is the responsibility of the Corporate Departments, having oversight of those transactions as set forth in the Levels of Authority, to establish and coordinate formal review processes to ensure that the appropriate responsible parties have performed all required reviews and due diligence **prior** to submitting documents to the designated Approval Authority. For example, Engineering, Finance and Legal approvals may not be included under the required Approval Authority; however, prior review may be required under the due diligence procedures established by the Corporate Departments.

Combining Transactions

Dividing a transaction into two or more parts to evade a limit of authority is prohibited and is a violation of this Policy. The Levels of Authority shall be interpreted broadly so that a series of reasonably related transactions and expenditures shall be considered as a single transaction for purposes of determining approval and authority levels required by this Policy.

Policy Exceptions

The CEO, COO, CFO or CLO may approve exceptions to this Policy, but not beyond the limits of their authority. Any exceptions must be documented in writing and maintained by the [Director, Ethics & Compliance](#).

Signatory Authority

The required Approval Authority as set forth in the Levels of Authority does not represent the authorization to sign documents on behalf of the Parent Company and/or its Subsidiaries. Only those individuals and/or positions/titles that have been formally designated with the authority to sign documents as an officer or authorized agent by the appropriate governing authorities of the Parent Company and Subsidiaries may do so ("Signatory Authority"). The Levels of Authority provide a listing of positions/titles by action with Signatory Authority to execute documents (on behalf of the appropriate legal entity that is party to the specified transaction) for effectuating business transactions and other commitments **after** all Approval Authority requirements within the Levels of Authority have been granted in writing.

In addition to positions designated as authorized agents to sign certain documents, elected officers of the Parent Company and respective Subsidiaries have implied Signatory Authority to execute all documents on behalf of such legal entities. Examples include (i) Area Presidents serve as officers of Subsidiaries operating within their Areas; (ii) and Senior Vice President, Operations serves as an officer of all operating Subsidiaries. For additional information on routine signatory authorizations, refer to the [Global Signatory Authority Resolutions](#) as posted under the [Legal Department section](#) on [Inside Republic Services](#).

Under no circumstances may any officer or designated authorized agent of Subsidiaries sign or agree to any obligation or agreement in the name or on behalf of the Parent Company (Republic Services, Inc.) or of any other legal entity of which the person is not authorized to do so. Any questions as to those elected officers that are authorized to sign on behalf of any Subsidiaries should be directed to the [Legal Department](#). Inquiries related to officers of the Parent Company should be directed to the Senior Manager, Ethics & Compliance. For information as to the Subsidiaries and proper legal entity and fictitious names assigned to each operating location, refer to the [Legal Entity by Division List](#) as posted under the [Legal Department section](#) on [Inside Republic Services](#).

Ethics and Compliance Responsibilities

All employees and third parties acting as representatives are expected to observe high standards of business and personal ethics in the conduct of their duties and responsibilities for Republic. Employees approving transactions and/or executing documents are required to ensure that all appropriate reviews and approvals required by the Levels of Authority and all other relevant policies and procedures of the Company have been obtained and that the appropriate documentation of these approvals is maintained. Violations of this Policy can significantly damage the Company and expose it to unintended legal and business consequences. Employees found to be in violation of this Policy may be subject to disciplinary action, up to and including termination of employment. Employees should report all instances of non-compliance with this Policy to a member of management or at EthicsandCompliance@RepublicServices.com.

PAYMENT BOND

Date bond executed: 8/7/2025.

Effective Date: TBD.

Principal: (legal name and business address of owner and operator) Allied Waste Systems, Inc., 306 FM 2468, Center, TX 75935

Type of Organization: (insert "individual," "joint venture," "partnership," or "corporation,") Corporation

State of Incorporation: _____.

Surety(ies): (name(s) and business address(es)) U.S. Specialty Insurance Company, 13403 Northwest Freeway, Houston, TX 77040

Permit number, name, physical and mailing addresses, and closure, post closure, or corrective action amount(s) for each facility guaranteed by this bond (indicate closure, post closure, or corrective action amounts separately for each facility): Closure: \$25,090.18.

Total penal sum of bond: \$25,090.18 (Twenty Five Thousand Ninety and 18/100 Dollars)

Surety's bond number: 1001048395.

Know All Persons By These Presents, That we, the Principal and Surety(ies) hereto are firmly bound to the Texas Commission on Environmental Quality, hereinafter called TCEQ, in the above penal sum for the payment of which we bind ourselves, our heirs, executors, administrators, successors, and assigns jointly and severally; provided that, where the Surety(ies) are corporations acting as co-sureties, we, the Sureties, bind ourselves in such sum "jointly and severally" only for the purpose of allowing a joint action or actions against any or all of us, and for all other purposes each Surety binds itself, jointly and severally with the Principal, for the payment of such sum only as is set forth opposite the name of such Surety, but if no limit of liability is indicated, the limit of liability shall be the full amount of the penal sum.

Whereas said Principal is required, under the appropriate program area, to comply with permit requirements in order to own or operate each facility identified above, and

Whereas said Principal is required to provide financial assurance for closure, post closure, or corrective action as a condition of the permit or other applicable requirements, and

Whereas said Principal shall establish a standby trust fund as is required when a surety bond is used to provide such financial assurance;

Now, therefore, the conditions of the obligation are such that if the Principal shall faithfully, before the beginning of final closure of, or corrective action at, each facility identified above, fund into the standby trust fund the amount(s) identified above for the facility,

Or, if the Principal shall fund into the standby trust fund in such amount(s) within 15 days after a final order to begin final closure or perform corrective action is issued by the TCEQ executive director or a U.S. district court or other court of competent jurisdiction,

Or, if the Principal shall provide alternate financial assurance, as specified in 30 Texas Administrative Code, Chapter 37 (relating to Financial Assurance) and obtain the TCEQ executive director's written approval of such assurance, within 90 days after the date notice of cancellation is received by both the Principal and the TCEQ executive director from the Surety(ies), then this obligation shall be null and void; otherwise it is to remain in full force and effect.

The Surety(ies) shall become liable on this bond obligation only when the Principal has failed to fulfill the conditions described above. Upon notification by the TCEQ executive director that the Principal has failed to perform as guaranteed by this bond, the Surety(ies) shall place funds in the amount guaranteed for the facility(ies) into the standby trust fund as directed by the TCEQ executive director.

The liability of the Surety(ies) shall not be discharged by any payment or succession of payments hereunder, unless and until such payment or payments shall amount in the aggregate to the penal sum of the bond, but in no event shall the obligation of the Surety(ies) hereunder exceed the amount of said penal sum.

The Surety(ies) may cancel the bond by sending notice of cancellation by certified mail to the Principal and to the TCEQ executive director provided, however, that cancellation shall not occur during the 120 days beginning on the date of receipt of the notice of cancellation by both the Principal and the TCEQ executive director, as evidenced by the return receipts.

The Principal may terminate this bond by sending written notice to the Surety(ies), provided, however, that no such notice shall become effective until the Surety(ies) receive(s) written authorization for termination of the bond by the TCEQ executive director. (The following paragraph is an optional rider that may be included but is not required.)

Principal and Surety(ies) hereby agree to adjust the penal sum of the bond yearly so that it guarantees a new closure, post closure, or corrective action amount, provided that the penal sum does not increase by more than 20 percent in any one year, and no decrease in the penal sum takes place without the written permission of the TCEQ executive director.

In Witness Whereof, the Principal and Surety(ies) have executed this Payment Bond and have affixed their seals on the date set forth above.

The persons whose signatures appear below hereby certify that they are authorized to execute this surety bond on behalf of the Principal and Surety(ies) and that the wording of this surety bond is identical to the wording specified in 30 Texas Administrative Code §37.311 as such regulations were constituted on the date this bond was executed.

TRANSITION OPERATING AGREEMENT

THIS TRANSITION OPERATING AGREEMENT (this “Agreement”) is executed and delivered as of _____, 2025, by and between R & J Recycling and Disposal Transfer Station, LLC, a Texas limited liability company (“Transferor”), and Allied Waste Systems, Inc., a Delaware corporation (“Transferee”).

RECITALS

A. Transferor and Transferee are parties to that certain Asset Purchase Agreement, dated July 25, 2025 (the “Purchase Agreement”), which provides for the sale of certain assets in consideration of the Purchase Price. Capitalized terms used but not otherwise defined herein shall have the meanings assigned to them in the Purchase Agreement.

B. The parties seek to reach agreement to allow a transfer of certain assets used in the operation of the Business prior to the transfer of the Permits set forth on Schedule A attached hereto (the “Subject Permits”), each of which pertain to and are required for lawful operation of the Business.

C. Transferor is the entity that operated the Business and held the Subject Permits prior to entering into the Purchase Agreement.

D. The parties desire to enter into a transition agreement to address the additional time needed to secure all necessary consents from any Governmental Authority to transfer or re-issue the Subject Permits to Transferee.

E. Transferor and Transferee desire to have Transferee conduct, consistent with this Agreement, the day-to-day activities of the Business during the Term of this Agreement.

Accordingly, in consideration of the mutual covenants contained in the Purchase Agreement, and the premises and the covenants set forth herein, the parties hereby agree as follows:

ARTICLE 1

GENERAL

1.1 Term. The term of this Agreement shall begin on the date hereof and shall continue through the earlier of (a) two years from the Closing Date, or (b) Transferee’s obtaining transfer or re-issuance of all Subject Permits upon terms and conditions substantially the same as those that existed for Transferor immediately prior to the Closing Date. If the Subject Permits have not been so transferred to or obtained by Transferee by the end of the second full year after the Closing Date, then the term shall automatically be extended for an additional one-year period, provided that no party is in default hereunder and that Transferee is using commercially reasonable efforts to effectuate a transfer or reissuance of all remaining Subject Permits. If at the end of the third year following the date of this Agreement the Subject Permits have not been transferred to or obtained by Transferee and at such time applicable Governmental Authorities have imposed a general moratorium on transfers or issuances of permits similar to the remaining

Subject Permits, then the term shall continue for a period of 90 days after such moratorium is terminated. Such initial and potentially extended term shall collectively be referred to as the “Term.”

1.2 Duty To Consult and Cooperate; Communications With Governmental Authorities. The parties shall cooperate with one another to achieve the purposes of this Agreement. If, during the Term of this Agreement, either party receives any notice or inquiry from a Governmental Authority with jurisdiction over Environmental Laws or other Laws that relate in any way to the Subject Permits, it shall have a duty to notify and consult with the other party. Similarly, the parties shall promptly advise each other of the necessity for any written communication to a Governmental Authority that relates in any way to the Subject Permits; provided, however, this obligation shall not apply to Transferee’s communication with a Governmental Authority in the ordinary course of its business or in connection with efforts to transfer to Transferee or obtain for Transferee issuance of Subject Permits. Prior to submittal of such written communication, the parties shall attempt to reach consensus on the content of such written communications. If the consultation directed in this Section 1.2 results in a dispute between the parties, the dispute shall be raised to Transferor’s Manager and Transferee’s Area President, who shall render a prompt decision with respect thereto.

ARTICLE 2

RIGHTS AND OBLIGATIONS OF TRANSFEROR DURING TERM

2.1 Retention of Permittee Status. Until Transferee obtains all necessary Subject Permits with terms and conditions substantially the same as those that existed for Transferor immediately prior to the Closing Date, Transferor shall continue as permittee subject to all of the obligations and retain all the responsibilities associated with the Subject Permits, including without limitation, any requirements under Subject Permits associated with financial assurance and insurance. Nothing herein shall be interpreted as limiting Transferee’s obligations under Section 3.1 of this Agreement.

2.2 Duty To Cooperate In Transferring Subject Permits. Transferor shall cooperate (at no expense to Transferee), with Transferee’s efforts to secure Subject Permits as provided in Section 3.2 of this Agreement, including, without limitation, attending meetings with Governmental Authorities when Transferee deems Transferor’s attendance essential or appropriate, and shall execute such documents as reasonably requested by Transferee in connection with Transferee’s efforts to obtain such Subject Permits. Except as required by Law or Permit, and then only following a period of consultation with Transferee, Transferor shall not file any Permit application or amendment, or take or cause any other act or omission that would cause or be likely to cause a change in Subject Permit terms or conditions.

2.3 Compliance Officer. Transferor hereby designates J.R. Irybarren as Transferor’s Compliance Officer for purposes of fulfilling its responsibilities under this Agreement. The Compliance Officer shall have authority to act on behalf of Transferor and such acts shall be binding on Transferor.

ARTICLE 3

RIGHTS AND OBLIGATIONS OF TRANSFeree DURING TERM

3.1 Conduct of the Business. Transferee shall conduct the Business in material compliance with all Laws.

3.2 Subject Permit Transfers. Transferee shall use commercially reasonable efforts to obtain the Subject Permits with terms and conditions substantially the same as those that existed immediately prior to the Closing Date in a timely manner, including but not limited to, preparing, submitting and pursuing applications for the transfer of existing Permits where transfer is an available option, fulfilling state “good character” disclosure requirements, and posting necessary financial assurances, all as applicable. Transferee shall timely respond to all reasonable requests from Transferor as to the status of Transferee’s efforts to have the existing Subject Permits transferred or, where transfer is not an available option, to have new Permits issued.

3.3 Financial Benefit. All financial, accounting or economic results from the conduct of the Business that arise or accrue during the Term of this Agreement shall be for the account of Transferee and shall be reported as such by Transferee. Transferor shall not account for or report such financial accounting or economic results of the Business.

3.4 Payment of Certain Expenses. During the Term of this Agreement, Transferee shall pay (a) all ordinary and direct operating and maintenance expenses, including without limitation taxes, insurance (except financial assurance), payroll and costs associated with environmental regulatory compliance of the Business, and (b) all reasonable expenses for capital items and any other sums required by any law, rule or Governmental Authority deemed reasonably necessary by Transferee.

3.5 Compliance Officer. Transferee hereby designates Adam Hart as Transferee’s Compliance Officer for purposes of fulfilling their responsibilities under this Agreement. Transferee’s Compliance Officer shall have authority to act on behalf of Transferee and such acts shall be binding on Transferee.

ARTICLE 4

INDEMNITIES

4.1 Indemnification of Transferor. Transferee shall indemnify, defend (with counsel acceptable to Transferor) and save Transferor harmless from and against all claims, damages, actions, suits, proceedings, demands, fines or penalties, assessments, adjustments, costs and expenses (“Claims”) incurred by Transferor to the extent resulting from: (a) Transferee’s breach of any term or condition of this Agreement; and (b) Transferee’s gross negligence or willful misconduct in satisfying its duties and obligations under this Agreement.

4.2 Indemnification of Transferee. Transferor shall indemnify, defend (with counsel acceptable to Transferee) and save Transferee harmless from and against all Claims incurred by Transferee to the extent resulting from: (a) Transferor’s breach of any term or condition of this

Agreement; and (b) Transferor's gross negligence or willful misconduct in satisfying its duties and obligations under this Agreement.

4.3 Survival. The rights or obligations provided in this Article 4 shall survive the Term of this Agreement.

ARTICLE 5

MISCELLANEOUS

5.1 Definitions of Compliance Officer. For purposes of this Agreement, "Compliance Officer" means the individual who Transferor and Transferee have each designated, pursuant to Sections 2.3 and 3.5, as their respective points of contact for purposes of fulfilling their respective responsibilities under this Agreement. Transferor and Transferee shall each be responsible for the compensation and/or reimbursement of expenses for their own Compliance Officer.

5.2 Recitals. All recitals set forth in this Agreement are hereby incorporated by this reference into the terms of the Agreement.

5.3 Entire Agreement; Amendment. This Agreement and Schedule A hereto contain the entire understanding of the parties relating to the subject matter hereof and supersede all prior written or oral and all contemporaneous oral agreements and understandings relating to the subject matter hereof. Schedule A and the recitals to this Agreement are hereby incorporated by reference into and made a part of this Agreement for all purposes. This Agreement may be amended, supplemented or modified, and any provision hereof may be waived, only by written instrument making specific reference to this Agreement signed by the parties against whom enforcement is sought.

5.4 Binding Effect. This Agreement shall be binding upon and inure solely to the benefit of the parties hereto and their permitted assigns. Nothing in this Agreement is intended to or shall confer upon any other Person, including any employee or former employee of Transferor, any legal or equitable right, benefit or remedy of any nature whatsoever, including any rights of employment for any specified period.

5.5 Assignment. This Agreement may not be assigned (except by operation of Law) or otherwise transferred without the express written consent of the parties (which may be granted or withheld in the sole and absolute discretion of each party); provided, however, that Transferee may assign this Agreement to an Affiliate of Transferee or any successor of Transferee to the Business without the consent of Transferor.

5.6 Severability. If any provision of this Agreement shall be invalid, illegal or unenforceable, it shall, to the extent possible, be modified in such manner as to be valid, legal and enforceable but so as most nearly to retain the intent of the parties. If such modification is not possible, such provision shall be severed from this Agreement. In either case the validity, legality and enforceability of the remaining provisions of this Agreement shall not in any way be affected or impaired thereby.

5.7 Waiver of Subrogation. Transferor waives, on behalf of all insurers under all policies of insurance now or hereafter carried by Transferor insuring or covering the Subject Permits or the Business, all rights of subrogation which any such insurer may otherwise, if at all, have to any claims of Transferor against Transferee. Transferor shall add Transferee as an additional insured on all liability insurance policies covering the Subject Permits or the Business.

5.8 Remedies; Limitation on Damages. In the event of a failure or refusal of either party to perform their respective duties and obligations under this Agreement, the other party shall have the right to exercise any remedies afforded by Law; provided, however, no party shall be liable to the other for other special, consequential (including but not limited to lost profits) or punitive damages. The rights and remedies of the parties hereunder are cumulative and not alternative.

5.9 Notices. Any notice or demand hereunder shall be made in the manner and to the address indicated in Section 15.6 of the Asset Purchase Agreement.

5.10 Governing Law. This Agreement shall be governed by and construed in accordance with the internal laws of the State of Texas, without giving effect to any choice or conflict of law provision or rule (whether of the State of Texas or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of Texas.

5.11 Counterparts. This Agreement may be executed in two or more original or electronic counterparts, each of which shall be deemed an original and all of which together shall constitute but one and the same instrument.
