<sup>1</sup> [www.tceq.texas.gov/goto/view-30tac](http://www.tceq.texas.gov/goto/view-30tac)

<sup>2</sup> [www.tceq.texas.gov/gis/hb-610-viewer](http://www.tceq.texas.gov/gis/hb-610-viewer)

What days and hours would the facility operate?

Waste Acceptance: 8:00 a.m. - 3:00 p.m. Monday - Friday; 7:00 a.m. - Noon Saturday  
Operating: 5:00 a.m. - 7:00 p.m. Monday - Friday; 6:00 a.m. - 2:00 p.m Saturday

At what rate would wastes be accepted?

750 tons/day

How would wastes be managed?

Waste will be disposed of in permitted Type IV municipal solid waste landfill.

### **E. Pollution Control Methods**

What methods would the facility use for containing wastes and odors, and monitoring for releases?

Waste will be disposed of in approved lined areas and will be covered by weekly, intermediate or final cover as appropriate. Groundwater and landfill gas monitoring systems will be installed around waste disposal areas. Details of operating procedures which will contain wastes and odors and monitor for releases will be provided in Part IV.

What methods would the facility use or require for preventing litter or spills, and for cleanup of litter and spills?

Litter and spills will be prevented by conducting all waste disposal process within the active working area. Incoming waste loads will be covered, tarped, or otherwise secured. Any windblown waste/litter in and around the facility will be picked up via litter patrols on a daily basis. Additional descriptions for litter and spill prevention and cleanup will be provided in Part IV.
