Lindsay Ross, Environmental Permit Specialist Municipal Solid Waste Permits – MC 124 Texas Commission on Environmental Quality P.O. Box 13087 Austin, Texas 78711-3087

Re: MSW Permit 40245 – Name Change

BioVeritas, LLC RN: 105303564

Dear Mrs. Ross,

In response to your e-mail dated 12/11/24, please find the attached documentation to support the name change from Terrabon Research Company, LLC to BioVeritas, LLC. In addition to the eleven questions / comments in your email, we've added a twelfth response to include the transmittal of the permit application binder cover page, as requested.

The documentation is complete with the exception of the financial assurance bond. We've been in communication with Mr. John Martinez of the Financial Assurance Unit and per his guidance, the bond will be mailed directly to him. Please see Appendix C for a copy of our e-mail correspondence and the factored inflation adjustment calculation.

A signed copy of this documentation will be mailed to you.

BioVeritas would like to thank you for your assistance with this project and are very appreciative of the time you took to ensure our understanding of the process. Your patience is greatly appreciated.

Should you have any questions, or need additional information, please contact myself or James Buzan.

Sincerely,

Chris Parks, Vice President HSE BioVeritas

Appendix B	8
Appendix C	g
Appendix D	10
Appendix E	11

TCEQ Comment 1:

On Form TCEQ-20714, the facility name is listed as "BioVeritas, LLC." However, the current facility name is Terrabon Demonstration Facility. Please list this name as facility name on the application.

BioVeritas Response 1:

Please see Appendix A for a revised TCEQ-20714

TCEQ Comment 2:

On Form TCEQ-20650, 1. Submission Type, initial submission was selected. For future submittals, the Notice of Deficiency (NOD) Response types should be selected.

BioVeritas Response 2:

All revised Forms TCEQ-20650 will be marked correctly.

TCEQ Comment 3:

The description of the revisions to the facility states that the modification is needed for a "name change from Terrabon Research Company, LLC to BioVeritas, LLC." However, Terrabon Research Company, LLC is not associated with the Terrabon Demonstration Facility. The affiliated customer name in our Central Registry is Terrabon, LLC. The description provided also conveys that there is an ownership change for the facility. Please revise the description to reflect that the ownership is changing from Terrabon, LLC to BioVeritas, LLC. Additionally, if you want the facility name to change from Terrabon Demonstration Facility to another name, please provide the proposed new name of the facility.

BioVeritas Response 3:

Please see Appendix B, revised Form TCEQ-20650 - Section 10. Description of the Revisions to the Facility,

- i. "Name change from Terrabon Research Company, LLC to BioVeritas, LLC. Terrabon operated at the Mumford Rd., Bryan, Texas site from 2007 2012 and developed a process that targeted producing renewable jet fuel from salts of volatile fatty acids (VFAs). In 2012, the technology and location were sold to Earth Energy Renewables who used the same process to create high value chemicals from VFAs until 2020 when the technology and property were transferred to BioVeritas who is shifting the focus to sustainable aviation fuel (SAF) and high value VFA derivatives. All revised Forms TCEQ-20650 will be marked correctly."
- ii. Note that the new name will be Demonstration Facility

TCEQ Comment 4:

In relation to the first NOD letter sent on October 3, 2024, it was requested that the required attachments listed on page 8 of form TCEQ-20650 be provided with the new submittal. If an attachment is not applicable to your application, please explain. The required attachments are listed below:

- a) Property legal description
- b) Property metes and bounds description
- c) Metes and bounds drawings
- d) On-site easements drawing
- e) Property owner affidavit
- f) Verification of legal status evidence of competency

There are also additional attachments as applicable to the application listed below:

- g) Signatory authority delegation
- h) Fee payment receipt
- i) Confidential documents
- j) Final plat record of property
- k) Assumed name certificate

BioVeritas Response 4:

Please see Appendix B, revised Form TCEQ-20650, for requested information.

- a) Property legal description Attachment 5
- b) Property metes and bounds description Attachment 6
- c) Metes and bounds drawings Attachment 6
- d) On-site easements drawing Attachment 7
- e) Property owner affidavit Attachment 3
- f) Verification of legal status evidence of competency Attachment 8

Also, per our discussion on 3/27/25, items g) through f) are not required at this time.

TCEQ Comment 5:

In addition to the documents listed above, as described in the <u>procedure for a transfer or name</u> change municipal solid waste registration document, the following items need to be included in the application:

- a) Date of sale of the facility
- b) Documentation that financial assurance will be maintained, and the identity of the type of instrument to be provided, in accordance with 30 TAC 330.63(j). Coordinate with the <u>Financial Assurance Division</u> regarding financial assurance instruments.
- c) Updated cost estimates for closure for all facilities.

d) Documentation from both parties supporting the transfer. This can include copies of contracts, sales agreements, resolutions, or other documentation that supports the transfer.

BioVeritas Response 5:

Please see Appendix C for requested information. Note that a factored closure estimate has been provided per the guidance in your 3/31/25 email. Also, we have been in communication with Mr. John Martinez, Financial Analyst II, in the TCEQ Financial Assurance Unit regarding the required bond. Per Mr. Martinez's guidance, the required bond and documentation will be submitted directly to him. A copy of our communication is also included in Appendix C.

TCEQ Comment 6:

The application includes a transfer (ownership change or operator change), and there will need to be a Core Data Form submitted for the previous owner/operator and the current applicant that the authorization will be transferred to. Please submit a Core Date Form for Terrabon, LLC.

BioVeritas Response 5:

Please see Appendix B – Attachment 4 for the following requested information.

- i. Redline Terrabon Core Data form submitted with 2010 Application.
- ii. BioVeritas Core Data form for this revision.

TCEQ Comment 7:

The landowners list should include all mineral interest ownership under facility and easements. If there is no mineral interest ownership, please provide a statement indicating that there is no mineral interest ownership, or that mineral interest ownership or easements are not listed in the real property appraisal records.

BioVeritas Response 7:

Mineral interest ownership or easements are not listed in the real property appraisal records found on the Brazos CAD website. Please see Appendix B - Attachment 1 for a copy of the previously submitted landowner list.

TCEQ Comment 8:

Mailing labels need to be provided in Avery 5160 format listing all of the landowners identified on the landowners list.

BioVeritas Response 8:

Please see Appendix D for a listing of the identified landowners in Avery 5160 Format.

TCEQ Comment 9:

As we have discussed over a phone call, the Redline/Strikeout Pages included in the submittal are related to the original registration documents that were submitted. The redline/strikeout pages would portray the changes that are being made in relation to the ownership of the registration changing.

- a) If the facility does not have the original registration documents associated with the application issued May 10, 2010 you will need to request the documentation by making a <u>Public Information Request</u> with the Texas Commission on Environmental Quality.
- b) In accordance with 30 TAC §330.57, a professional engineer's seal, signature, and date will need to be provided on all appropriate pages that are revised in relation to this name change/ transfer modification. This includes title pages, table of contents, and engineering drawings. Applications that have not been sealed shall be considered incomplete.

BioVeritas Response 9:

Please see Appendix B – Attachment 2 for a copy of the requested Redline documentation. Note that per the guidance in your email dated 3/20/25, a professional engineer's seal is not required for this permit action.

TCEQ Comment 10:

In addition, the redline/strikeout pages, unmarked clean copies of the newly changed document pages must also be included in the submittal.

BioVeritas Response 10:

Please see Appendix B – Attachment 3 for a copy of the requested unmarked clean copies of changed pages.

TCEQ Comment 11:

The new submittal documents did not include an updated revision number and date in the footer of each page. Please ensure that each page indicated the revision number and date associated with the submittal.

BioVeritas Response 1:

All revised forms / documentation has been updated with the correct revision number and date.

TCEQ Comment 12:

Provide updated permit application binder cover page.

BioVeritas Response 12:

See Appendix E for a copy of the redline cover page and the revised cover page.

Alternative Language Notice Instructions

For certain permit applications, public notice in an alternate language is required. If an elementary school or middle school nearest to the facility offers a bilingual program, notice may be required to be published in an alternative language. The Texas Education Code, upon which the TCEQ alternative language notice requirements are based, trigger a bilingual education program to apply to an entire school district should the requisite alternative language speaking student population exist. However, there may not exist any bilingual students at a particular school within a district which is required to offer the bilingual education program. For this reason, the requirement to publish notice in an alternative language is triggered if the nearest elementary or middle school, as a part of a larger school district, is required to make a bilingual education program available to qualifying students and either the school has students enrolled at such a program on-site, or has students who attend such a program at another location in satisfaction of the school's obligation to provide such a program as a member of a triggered district.

If it is determined that an alternative language notice is required, the applicant is responsible for ensuring

that the publication in the alternate language is complete and accurate in that language. Electronic versions of the Spanish template examples are available from the TCEQ to help the applicant complete the publication in the alternative language.

Alternative Language Notice Application Form:

Alternative lang	guage notice confirmation for this application:
1.	Is a bilingual program required by the Texas Education Code in the school district where the facility is located? $\ igsim$ YES $\ igsim$ NO
	(If NO, alternative language notice publication not required)
2.	If YES to question 1, are students enrolled in a bilingual education program at either the elementary school or the middle school nearest to the facility? \boxtimes YES \square NO
(IF YES to qu consider the ne	estions 1 and 2, alternative language publication is required; If NO to question 2, then ext question)
3.	If YES to question 1, are there students enrolled at either the elementary school or the middle school nearest to the facility who attend a bilingual education program at another location? YES NO
(If Yes to que consider the ne	stions 1 and 3, alternative language publication is required; If NO to question 3, then ext question)
4.	If YES to question 1, would either the elementary school or the middle school nearest to the facility be required to provide a bilingual education program but for the fact that it secured a waiver from this requirement, as available under 19 TAC §89.1205(g)? YES NO
	tions 1 and 4, alternative language publication is required; If NO to question 4, alternative e publication not required)
	education program(s) is provided by either the elementary school or the middle school facility, which language(s) is required by the bilingual program?
complete appli	nts for new permits and major amendments must make a copy of the administratively cation available at a public place in the county where the facility is, or will be, located for bying by the public.

Public place where administratively complete	permit application will be located.

C. Maps

General

For permits, registrations, and amendments only, submit a topographic map, ownership map, county highway map, or a map prepared by a registered professional engineer or a registered surveyor which shows the facility and each of its intake and discharge structures and any other structure or location regarding the regulated facility and associated activities. Maps must be of material suitable for a permanent record, and shall be on sheets 8-1/2 inches by 14 inches or folded to that size, and shall be on a scale of not less than one inch equals one mile. The map shall depict the approximate boundaries of the tract of land owned or to be used by the applicant and shall extend at least one mile beyond the tract boundaries sufficient to show the following:

each well, spring, and surface water body or other water in the state within the map area;

the general character of the areas adjacent to the facility, including public roads, towns and the nature of development of adjacent lands such as residential, commercial, agricultural, recreational, undeveloped, etc;

the location of any waste disposal activities conducted on the tract not included in the application; and

the ownership of tracts of land adjacent to the facility and within a reasonable distance from the proposed point or points of discharge, deposit, injection, or other place of disposal or activity.

General maps reflecting the above are included as Attachment I.A to this section and in Part II of the application. There are no water intake/wastewater discharge structures at the facility.

General location maps

For permits, registrations, and amendments only, submit at least one general location map at a scale of one-half inch equals one mile. This map shall be all or a portion of a county map prepared by Texas Department of Transportation (TxDOT). If TxDOT publishes more detailed maps of the proposed facility area, the more detailed maps shall also be included in Part I. Use the latest revision of all maps.

General maps reflecting the above are included as Attachment I.A to this section and in Part II of the application.

Land ownership map

Provide a map that locates the property owned by adjacent and potentially affected landowners. The maps should show all property ownership within 1/4 mile of the facility, on-site facility easement holders, and all mineral interest ownership under the facility.

A land ownership map and list (and mineral right owners) are included as Attachment I.B.

Landowners list

Provide the adjacent and potentially affected landowners' list, keyed to the land ownership map with each property owner's name and mailing address. The list shall include all property owners within 1/4 mile of the facility, easement holders, and all mineral interest ownership under the facility. Provide the property, easement holders', and mineral interest owners' names and mailing addresses derived from the real property appraisal records as listed on the date that the application is filed. Provide the list in electronic form, as well.

A land ownership map and list (and mineral right owners) are included as Attachment I.B.

D. Property owner information

For permits, registrations, amendments, and modifications that change the legal description, a change in owner, or a change in operator only, provide the following:

- (1) the legal description of the facility;
 - (A) the abstract number as maintained by the Texas General Land Office for the surveyed tract of land;
 - (B) the legal description of the property and the county, book, and page number or other generally accepted identifying reference of the current ownership record;
 - (C) for property that is platted, the county, book, and page number or other generally accepted identifying reference of the final plat record that includes the acreage encompassed in the application and a copy of the final plat, in addition to a written legal description;
 - (D) a boundary metes and bounds description of the facility signed and sealed by a registered professional land surveyor;

- (E) on-site easements at the facility, and
- (F) drawings of the boundary metes and bounds description; and
- (2) a property owner affidavit signed by the owner.

Indicate Ownership status of the facility:

The above property ownership information is included as Attachment I.C.

E. Legal authority

Provide verification of the legal status of the owner and operator, such as a one-page certificate of incorporation issued by the secretary of state. List all persons having over a 20% ownership in the proposed facility.

The above legal authority information is included as Attachment I.D.

G. Appointments

Provide documentation that the person signing the application meets the requirements of 30 TAC §305.44, Signatories to Applications. If the authority has been delegated, provide a copy of the document issued by the governing body of the owner or operator authorizing the person that signed the application to act as agent for the owner or operator.

The signatory is the chief executive officer of Terrabon and is, therefore, a responsible corporate official as detailed in 30 TAC 305.44.

H. Application Fees

For a new permit, registration, amendment, modification, or temporary authorization, submit a \$150 application fee.

An application fee in the amount of \$150 is included with this application.

For authorization to construct an enclosed structure over an old, closed municipal solid waste landfill in accordance with 30 TAC 330 Subchapter T, submit a \$2,500 application fee.

If paying by check, send payment to:

Texas Commission on Environmental Quality Financial Administration Division, MC 214 P. O. Box 13087 Austin, Texas 78711-3087

Payment maybe made online using TCEQ e-pay at	t <u>www.tceq.state.tx.us/e</u>	-services/

Property Owner Affidavit

Property Owner Affidavit for Landfill Facility

I acknowledge in accordance with 30 TAC 330.59(d)(2) that the State of Texas may hold me either jointly or severally responsible for the operation, maintenance, and closure and post-closure care of the facility. For a facility where waste will remain after closure, I acknowledge that I have a responsibility to file with the county deed records an affidavit to the public advising that the land will be used for a solid waste facility prior to the time that the facility actually begins operating as a municipal solid waste landfill facility, and to file a final recording upon completion of disposal operations and closure of the landfill units according to 30 TAC 330.19 (relating to Deed Recordation). I further acknowledge that the facility owner or operator and the State of Texas shall have access to the property during the active life and post-closure care period for the purpose of inspection and maintenance.

Factored Inflation Adjustment MSW Type V Permit - Closure Plan

TCEQ Guiedance: https://www.tceq.texas.gov/agency/financial/financial-assurance/adustments.html

The inflation adjustment must be made using an inflation factor derived from the most recent annual Implicit Price Deflator for Gross National Product published by the United States Department of Commerce for the most recently completed year. The preliminary and final inflation factors are generally available by the first week of February and April of each year, respectively. Once the cost estimate has been adjusted, then you must ensure that your financial assurance mechanism dollar amount sufficiently covers the revised cost estimate.

1. Annual Implicit Price Deflator for Gross National Product published by the United States Department of Commerce

2024 126.26 2009 100

2. Calculation Description:

<u>Divide the current deflator by the base period deflator:</u> This gives you a factor representing the percentage increase in prices.

Multiply this factor by the cost in the base period: This will estimate the cost in the current period, adjusted for inflation.

3. Calculation:

Closure Estimate		Inflatiion Factor	Year
\$	26,842	1	2010
\$	27,406	1.021	2011
\$	27,899	1.018	2012
\$	28,317	1.015	2013
\$	28,742	1.015	2014
\$	29,030	1.01	2015
\$	29,407	1.013	2016
\$	29,936	1.018	2017
\$	30,625	1.023	2018
\$	31,146	1.017	2019
\$	31,519	1.012	2020
\$	32,843	1.042	2021
\$	35,142	1.07	2022
\$	36,407	1.036	2023
\$	37,281	1.024	2024

RE: BioVeritas, LLC MSW Permit 40245 Financial Assurance

From John Martinez

Date Mon 4/28/2025 2:43 PM

To Chris Parks

Cc

Good afternoon, Chris,

Please have the bank mail the signed letter of credit document in the wording of the template for the irrevocable standby letter of credit that was attached to your email for \$37,281.00 to me at the address below:

TCEQ

Financial Assurance Unit, MC-184 Attn: John Martinez 12100 Park 35 Circle, Bldg. A Austin, TX 78753

Once, I receive the letter of credit, that should be sufficient to meet the requirement for the financial assurance for MSW Registration No. 40245.

Thanks, John Martinez

To: John

Cc: Tammie Milum

Subject: FW: BioVeritas, LLC MSW Permit 40245 Financial Assurance

Good afternoon, John,

Thank you for the information below. In response, we discussed with our bank that replied with the following:

Our loan department reviewed the Letter of Credit and I am good to move forward when you are ready.

It would be a Letter of Credit secured by a CD. If we are doing 1 year, the CD rate would be 3.94%, yielding 4.00%. There is a \$500 fee for issuing the Letter.

Please let me know if you have any questions. The next step would be to open the CD.

Is this sufficient to meet the requirements indicated? Thank you for the support,

Chris Parks, CSP

Vice President of Health, Safety and Environment/Information Technology 6150 Mumford Road, Bryan, Texas 77807 | 832.495.9115 | BioVeritas.com

Sent: Tuesday, April 22, 2025 8:28 AM

To: Chris Parks

Subject: FW: BioVeritas, LLC MSW Permit 40245 Financial Assurance

Good morning,

I received the email below while I was out of the office. I reviewed the closure cost estimate based on the original registration issued back on May 10, 2010. The original closure cost estimate was \$26,842.00 in 2010 dollars for MSW Registration No. 40245. Therefore, based on the annual inflation factors for the years 2011-2024, the updated closure cost estimate is \$37,281.00 based on the latest inflation factor of 2.4% for 2024. I have attached a spreadsheet with the cost calculation. I have also attached a link below to the annual inflation factors for the past several years that is posted on our website.

<u>Most Recent Annual Inflation Factors - Texas Commission on Environmental Quality - www.tceq.texas.gov</u>

The financial assurance demonstration for the closure cost estimate needs to be in the form of a performance bond or payment bond issued by a surety company or an irrevocable standby letter of credit issued by a financial institution. I have attached the templates for all three documents that follows the regulations in the Texas Administrative Code, Chapter 37, Subchapter D. We will need the original signed document of whichever instrument you use mailed to us at the below address:

TCEQ

Financial Assurance Unit, MC-184 Attn: John Martinez 12100 Park 35 Circle, Bldg. A Austin, TX 78753

Let me know if you have any questions.

Thanks,

John Martinez

Subject: BioVeritas, LLC MSW Permit 40245 Financial Assurance

Good afternoon,

I am in the process of revising the referenced permit and need to complete the financial assurance part of the update. I have the attached revised closure cost estimate to go along with the original closure plan. What is the process to get this updated?

Thank you for your assistance.

Chris Parks, CSP
