Upcoming Webinars: Training on New Annual Reporting Requirements for Scrap Tires Generators and LRPUTs

Dear Scrap Tire Handlers,

Join the TCEQ Scrap Tire Program for an upcoming webinar, designed to provide training on the new annual reporting requirements for scrap tire generators and operators of Land Reclamation Projects Using Tires (LRPUTs). These sessions will be helpful for ensuring compliance with the latest regulations and will provide you with the necessary knowledge and tools to complete your reports accurately and efficiently. The same information will be presented at all webinars.

Webinar Details:

- **Date:** December 3, 2024
- **Time:** 12:30pm – 2:00pm
- **Registration Link:** [December 3rd Webinar Registration Link](#)

Key Topics to be Covered:

- Overview of the new reporting requirements: [Annual Reporting Requirement: Scrap Tire Generators and Land Reclamation Projects Using Tires](#)
- Step-by-step guidance on completing the annual reports in [STEERS](#)

***Important Note:** Prior to attending the training webinar, please ensure you watch the attached video and set up your STEERS account. This will help you follow along more effectively during the session. [How to Setup an Account in STEERS \(youtube.com\)](#)

Your participation is highly encouraged to ensure a smooth transition to the new reporting requirements. Remember you must report by December 31, 2024.

Please register using one of the links above to secure your spot, and share this information with anyone who may be interested in attending. The QR code below will take you to our webpage with more information.

Best Regards,
