

Texas Commission on Environmental Quality

Notice of Concentrated Animal Feeding Operation Application General Permit Authorization No. *TXG921308*

Application. Natural Prairie Land Company, LLC, P.O. Box 659, Hartley, Texas 79044 has applied to the Texas Commission on Environmental Quality (TCEQ) under General Permit No. TXG920000 for a non-substantial change to the terms of the nutrient management plan (NMP) previously submitted to the TCEQ. The CAFO has reduced the land application acreage from 5761 acres to 5741 acres and constructed new pens. In addition, the permittee submitted revised calculations for the required capacity of retention control structure #4. The notice of change application and the applicable portion of the NMP were received by TCEQ on September 15, 2014. No discharge of pollutants into the waters in the state is authorized by this general permit except under chronic or catastrophic rainfall conditions or events. All waste and wastewater will be beneficially used on agricultural land.

The facility is located on highway 385 approximately 8 miles south of Hartley and 1 mile east of highway 385 in Channing, Texas 79018, Hartley County, Texas. The facility is located in the drainage area of Lake Meredith and the Canadian River Above Lake Meredith in Segment Nos. 0102 and 0103 of the Canadian River Basin.

The Executive Director of the TCEQ has approved the proposed non-substantial change to the terms of the NMP. The revised terms of the NMP have been included in the permit record and it is available at the TCEQ's Central Records, 12100 Park 35 Circle Austin, TX 78753.
