

Texas Commission on Environmental Quality

Notice of Concentrated Animal Feeding Operation Application General Permit Authorization No. TXG921380

Application. FB Lariat Dairy, LLC, 1250 County Road DD, Muleshoe, Texas 79347 has applied to the Texas Commission on Environmental Quality (TCEQ) under General Permit No. TXG920000 for a non-substantial change to the terms of the nutrient management plan (NMP) previously submitted to the TCEQ. The CAFO is updating the list of currently authorized land management units (LMU) consistent with the LMU map that was received on January 7, 2014. A notice of intent (NOI) was received on January 7, 2014 for a change of ownership of the facility under TXG921330. The LMU map showed all the LMUs to be authorized under the new owner(s) but due to a missing attachment to the NOI, not all the LMUs were logged into the database. This error was carried forward when the ownership changed again during the renewal under TXG921380. The notice of change application and the updated NMP were received by TCEQ on May 7, 2015. No discharge of pollutants into the waters in the state is authorized by this general permit except under chronic or catastrophic rainfall conditions or events. All waste and wastewater will be beneficially used on agricultural land.

The facility is located at 1250 County Road DD, Muleshoe, Parmer County, Texas. The facility is located in the drainage area of the Double Mountain Fork Brazos River in Segment No. 1241 of the Brazos River Basin.

The Executive Director of the TCEQ has approved the proposed non-substantial change to the terms of the NMP. The revised terms of the NMP have been included in the permit record and it is available at the TCEQ's Central Records, 12100 Park 35 Circle Austin, TX 78753.

Information. For additional information about this application, contact Joy Alabi at (512) 239-1318. Si desea información en Español, puede llamar al 1-800-687-4040. General information regarding the TCEQ can be found at our web site at www.tceq.texas.gov/.
