

## Plain Language Summary Template and Instructions for Beneficial Land Use of Biosolids Permit Applications

This template is intended as a guide to assist applicant's in developing a plain language summary as required by [30 Texas Administrative Code Chapter 39](#). Applicant's may modify the template as necessary to accurately describe their facility as long as the summary includes the following information: (1) the function of the proposed land application unit; (2) the expected proposed land application acreage; (3) the expected pollutants that may be land applied; and (4) how the applicant will control those pollutants, so that the proposed land application site will not have an adverse impact on human health or the environment.

Fill in the blanks below to describe your land application unit and application. Instructions or examples are provided below. Make any other edits necessary to improve readability or grammar and to comply with the rule requirements.

If you are subject to the alternative language notice requirements in [30 Texas Administrative Code §39.426](#), **you must provide a translated copy of the completed plain language summary in the appropriate alternative language as part of your application package.** For your convenience, a Spanish template has been provided below.

### ENGLISH TEMPLATE FOR BIOSOLIDS BENEFICIAL LAND USE NEW/RENEWAL/AMENDMENT APPLICATIONS
