

# Plain Language Summary Template and Instructions for Texas Pollutant Discharge Elimination System (TPDES) and Texas Land Application (TLAP) Permit Applications

This template is a guide to assist applicant's in developing a plain language summary as required by [30 Texas Administrative Code Chapter 39 Subchapter H](#). Applicant's may modify the template as necessary to accurately describe their facility as long as the summary includes the following information: (1) the function of the proposed plant or facility; (2) the expected output of the proposed plant or facility; (3) the expected pollutants that may be emitted or discharged by the proposed plant or facility; and (4) how the applicant will control those pollutants, so that the proposed plant will not have an adverse impact on human health or the environment.

Fill in the highlighted areas below to describe your facility and application in plain language. Instructions and examples are provided below. Make any other edits necessary to improve readability or grammar and to comply with the rule requirements.

If you are subject to the alternative language notice requirements in [30 Texas Administrative Code §39.426](#), **you must provide a translated copy of the completed plain language summary in the appropriate alternative language as part of your application package.** For your convenience, a Spanish template has been provided below.

## ENGLISH TEMPLATE FOR TPDES or TLAP NEW/RENEWAL/AMENDMENT APPLICATIONS INDUSTRIAL WASTEWATER/STORMWATER

*The following summary is provided for this pending water quality permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.*

J & B Sausage Company, Inc. dba J Bar B Foods (CN 601635782 ) operates J & B Sausage Company, Inc. dba J Bar B Foods. (RN102180106). a manufacturer, seller, and distributor of sausage and related products from purchased meat, (not carcasses). The facility is located 1078 U.S. Highway 90 , in Weimar, Colorado County, Texas 78962. This application is for renewal to discharge process wastewater from a meat processing facility commingled with domestic wastewater, not to exceed a daily average flow of 69,500 gallons per day via irrigation of 39.21 acres. This permit will not authorize a discharge of pollutants into water in the state.

Discharges from the facility are expected to contain oil & grease, BOD and nitrogen .Process wastewater is treated by commingling with domestic wastewater and pumped to a compacted clay lined aerobic lagoon, (3.1 acre-feet capacity), for treatment. The effluent from the lagoon overflows to two compacted clay lined ponds connected in series, (27.7-acre feet capacity), for storage prior to irrigation. From the ponds, the effluent is pumped to the mobile irrigation system to spray irrigate 39.21 acres of Bermuda grass. .
