#### DOMESTIC WASTEWATER

*The following summary is provided for this pending water quality permit application being reviewed by the Texas Commission on Environmental Quality as required by 30 Texas Administrative Code Chapter 39. The information provided in this summary may change during the technical review of the application and are not federal enforceable representations of the permit application.*

City of Missouri City (CN601159528 ) operates Mustang Bayou Regional Wastewater Treatment Plant (WWTP) RN101516326, a municipal wastewater treatment facility. The facility is located 500 feet west and 1,000 feet north of the intersection of Trammel-Fresno Road and the Fort Bend Parkway Toll Road, in Missouri City, Fort Bend County, Texas 77489.

This application is for the renewal of the permit to discharge treated domestic wastewater not to exceed 3,000,000 gallons per day.

Discharges from the facility are expected to contain five-day carbonaceous biochemical oxygen demand (CBOD<sub>5</sub>), total suspended solids (TSS), ammonia nitrogen (NH<sub>3</sub>-N), and *Escherichia coli*. Additional potential pollutants are included in the Domestic Technical Report 1.0, Section 7. Pollutant Analysis of Treated Effluent and Domestic Worksheet 4.0 in the permit application package. Domestic wastewater is treated by *preliminary treatment (screenings), conventional activated sludge, secondary clarification, tertiary filters, and chlorine disinfection.* The treated discharge outfalls an unnamed ditch; thence to Middle Oyster Creek in Segment No. 1258 of the Brazos River Basin.
